

JT 10800 WG-BFG

Effortless, Efficient, and Durable Car Wrapping Film

JT 10800 WG-BFG is the latest addition to our Mactac premium wrapping film portfolio. Engineered for ease and efficiency, this product ensures smoother, faster, and more effortless installations while delivering outstanding results. Designed for 3D applications, the conformability of the JT 10800 WG-BFG makes it a well-suited solution for wrapping complex curves and shapes.

Whether crafting eye-catching wraps or adding personalized touches, this film's excellent print quality guarantees vibrant, attention-grabbing designs. With long-term durability, this film minimizes replacement costs, making it a smart, cost-effective choice for long-term use.

JT 10800 WG-BFG

Main Benefits & Features

- **Conformable for True 3D Applications**
Adapts to complex shapes and curves, providing high flexibility for car wrapping needs.
- **Improved Repositionability & Slideability**
Designed for quick, efficient application, the film moves effortlessly across the surface, reducing manpower and installation time
- **Outstanding Print Quality**
Create vibrant, stunning wraps with sharp, high-quality prints that ensure the designs make a visual impact
- **Long-Term Durability**
JT 10800 WG-BFG helps save on long-term costs
- **Blockout Feature**
Perfect for lighter print designs, even on darker surfaces, ensuring crisp, clear results
