Mactac Application Tools

Felt Squeegees

TagAway 1L

Mactac Felt Squeegee is a soft felt squeegee, designed to avoid scratching the material surface during application of self-adhesive products. It is specifically recommended for lettering and lamination applications.

Mactac TagAway is a fluid designed to remove grafitti and spray-paint effectively from applied self-adhesive materials. Available in 1-litre bottles.

Mactac Remover is a powerful solution for

removing adhesive residue from substrates.

Its specific formulation allows outstanding

and rapid cleaning of surfaces, following

the removal of self-adhesive products.

Available in a 500 ml spray bottle.

White Squeegees PA

Squeegees Europe

curved surfaces.

Mactac Squeegee Europe is a red plastic

soft squeegee, suitable for the application

of self-adhesive materials on flat and

Mactac White Squeegee PA is a white plastic, hard squeegee, suitable for the application of self-adhesive materials onto flat and curved surfaces.

EB8860002 100 PCS/BOX

Mactac Application Fluid

Mactac Application Fluid is designed to support the wet installation of various Mactac materials onto glass, and to facilitate paint protection film applications. It has been tested for compatibility with the most commonly

Mactac Sealer is a colourless, durable edge

sealer that adheres to different surfaces (e.a.

steel, glass, paint, vinyl). It is used to seal of

the edges for applications in the marine

environment, or those with a high risk of

chemical spillage. Mactac Sealer prevents

edge lifting in these demanding applications, and can be used with a

variety of Mactac graphics products. Available in a 500 ml can.

Mactac Sealer

Mactac Cleaner

Mactac Remover

Mactac Cleaner is a high performance cleaner designed for degreasing various types of surfaces before the application of self-adhesive film. It removes the most common residues (such as dirt, wax etc.), as

well as everyday pollution, when preparing B07660001 4 X 4 L/BOX to apply a film onto a substrate. The handy spray bottle can be easily refilled. Available in a 975 ml spray bottle and a 4-litre refill canister.

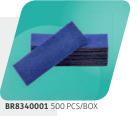

Mactac Glove

Mactac Glove is a white cotton glove designed to be used during the application of self-adhesive materials. A seamless design allows the Mactac Glove to slide easily over the material surface, enabling easier application.

Mactac Squeegee Strips

Mactac Squeegee Strips are soft, self adhering, protective strips designed to be applied on the edges of Mactac Squeegees The strips are easy to apply and enable higher quality applications by protecting the graphic material from scratches and facilitating sliding of the squeegee.
