

New JT 9500 & LF 9500 series

Achieving excellence with mid-range polymeric films

Life's too short for conventional graphics

The JT 9500 series is an outstanding choice for medium-term promotional and commercial applications. White gloss, white matt and clear films come with a wide choice of adhesive technologies, along with good printing quality on all main platforms.

These films are designed for medium-term applications, and install easily on flat and slightly curved surfaces. Additional visual impact, along with enhanced resistance to physical challenges, can be achieved using LF 9500 laminating films.

Advantages

- Suitable for flat and slightly curved (convex) non-porous surfaces
- Good printability with solvent, eco-solvent, latex and UV inks
- Available in white gloss, white matt and clear gloss films
- Choice of adhesive technology: grey and transparent, removable, permanent & Bubble-free
- Fully compatible with LF 9500 laminating films available in gloss & matt finishes
- A range of widths & adhesive technologies (grey and transparent)

JT 9500 polymeric films

Applications

- Specially developed for medium-term applications
- Indoor and outdoor use on flat and curved surfaces
- Displays, shop windows and signage
- Point of Sale
- Bus, lorry and vehicle decoration
