

# Mactac Colour Matching Service

Do Your Magic. Do Your Mactac.

With Mactac® colour matching service, your creativity has no limit! Mactac can perfectly match almost any colour you need to do your magic.

We can match perfectly almost any colour you need, for any global or regional project, and send you a matched sample of Mactac film, aligned with your project planning\*.

## What to do now?

If you approve the colour match, please confirm this to your usual sales representative as outlined below. There are two procedures, depending on the type of film:

### 1. For cast films:

- Send a colour reference (Pantone/RAL) or a physical sample to our colour match lab.
- After receiving the matched sample, fill out and sign the approval form on the back of the sample.
- Scan it and send it to your sales representative.

### 2. For non-cast films:

- Send a colour reference (Pantone/RAL) or a physical sample to your local sales representative.
- After receiving the matched sample, fill out and sign the approval file.
- Scan it and send it to your sales representative.

# Mactac Colour Matching Service

TALES OF THE CITY

MACal 8300 Pro

The Mactac Colour Matching Service is a global programme.

Colour match minimum order quantities vary per product line; see the table below for specific details. Your local Mactac sales representative is your main contact, and will be very pleased to answer any questions you may have.
