

Mactac Floor Graphics Series

Wayfindings, adverts and communications on floors!

Few visual effects are as impressive and original as self-adhesive floor graphics. The Mactac Floor Graphics Series provides a wide choice of digitally printable materials and laminating films. These highly embossed anti-slip films are designed to help you in creating highly visible wayfinders and effective advertising in indoor or outdoor crowded pedestrian areas. Whatever you want to achieve, this portfolio has the versatility needed to make anyone stop and look.

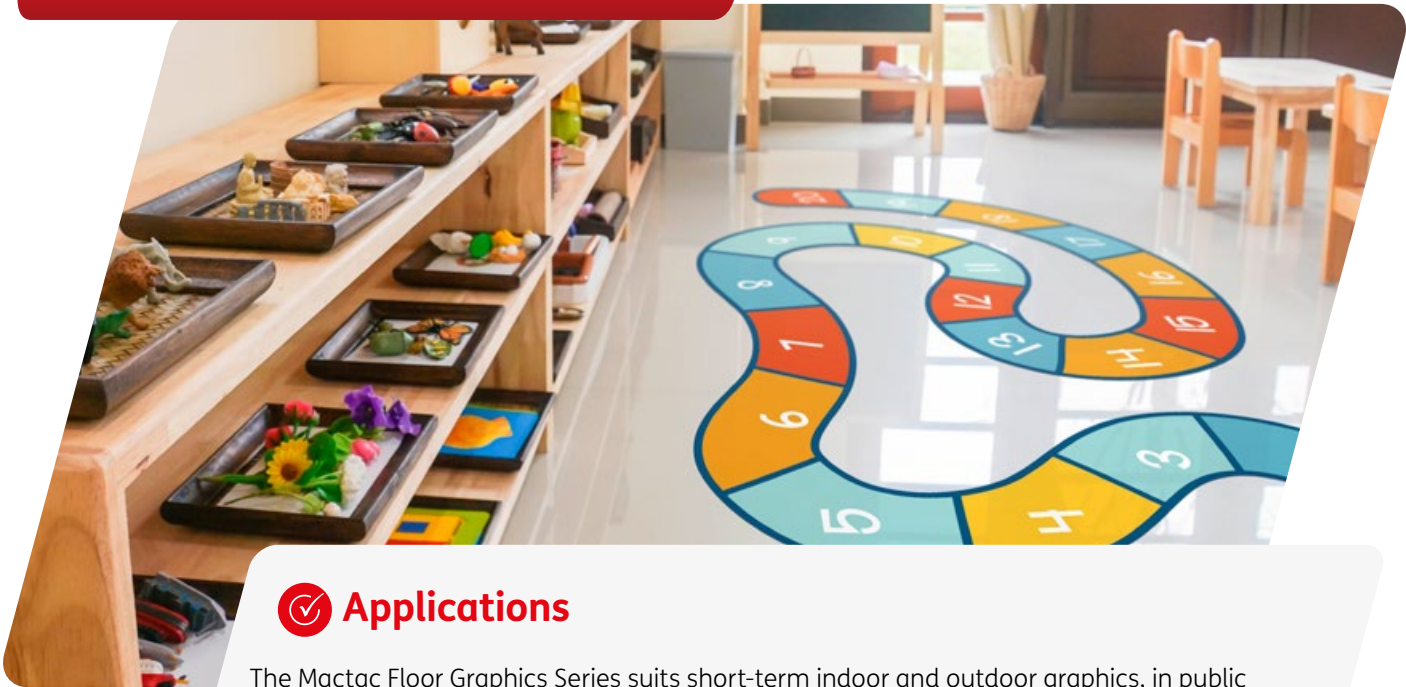

Key features

- Anti-slip EN 13036-4 certification across the full portfolio
- Fire-resistant EN 13501-1 certification across the full portfolio
- Wide range of adhesives, for many floor types
- PVC-free option
- Directly printable with Dot adhesive option compatible with Eco-solvent, Latex and UV curable inks
- UV-ink compatible adhesive available on most of the range
- High thickness
- Highly embossed

Advantages

- Anti-slip and fire resistant certified materials available for almost any floor
- Suitable for indoors or outdoors, on flat, corrugated and low energy surfaces
- Sustainable version (PVC-free) available
- Leverage any floor for wayfindings, advertising and effective communication

Mactac Floor Graphics Series

Applications

The Mactac Floor Graphics Series suits short-term indoor and outdoor graphics, in public areas such as shops, POS, work spaces and shopping centres. StreetRap performs well also on irregular outdoor surfaces when laminated with StreetLam, allowing graphics to be installed almost anywhere there is pedestrian traffic. These films present messages and create ambience - for customers, clients, visitors and employees. A popular choice for fairs, trade shows, retail, conventions, public spaces., safety warnings, schools, and sport & entertainment venues.
