

WallWrap Series

Add life to walls

The Mactac WallWrap Series opens up new horizons for designers and converters - across both exterior and interior design projects.

New and exciting textures have been added to the range, so these materials offer more options than ever before. Many different stop-and-look interior designs are within easy reach thanks to innovative high-performance products that take architects, designers and converters to the apex of creativity.

A wide choice of facestocks, textures and finishes enable stunning, bright new spaces and one-of-a-kind customized looks. The Mactac WallWrap Series also features different adhesive technologies (high-tack or removable and repositionable) for optimal ease of application.

Advantages

- PVC-free grades available
- Effortless application, with adequate thickness
- Outstanding adhesion even on difficult surfaces, using high-tack adhesive
- Excellent opacity
- Printable on all main platforms
- Different textures for high-end designs
- Various finishes and tactile sensations
- Fire certification according to EN13501-1

Applications

WallWrap Series films are great for highly customized indoor and outdoor wall decoration. Applications include refurbishment or new interior design projects in hotels, offices, hospitality areas, lofts, museums, theatres, real estates and more.

Printability

Solvent, eco-solvent, UV & latex - see table on the backside
