

wallCHALKER™

Vinyl that easily transforms
any surface into a

chalkboard!

Advantages:

- ✓ Easily transforms any surface in a real chalkboard!
- ✓ wallCHALKER can be cut into **unique shapes** to create **specialty message boards** that capture the attention of customers.
- ✓ The deep rich black of wallCHALKER makes **real chalk and liquid chalk ink** pop.
- ✓ wallChalker **wipes clean** with an eraser or damp cloth or sponge.
- ✓ The 120 µm vinyl makes wallCHALKER **easy to handle**. The aggressive removable adhesive is strong enough to support large size applications yet remove cleanly.
- ✓ wallCHALKER is printable with latex and UV inks.

wallCHALKER™

Product characteristics:

True black slightly textured 120 µm vinyl
High performance removable adhesive

Applications:

Virtually any flat surface is a canvas for wallCHALKER
(walls, tables, windows...)

Durability:

5 years indoor and 4 years outdoor

Important preparation and cleaning tips:

For best results, 'prime' your wallCHALKER prior to use.
After your wallCHALKER is applied, cover the writing area with 100% standard white chalk. Let sit for a few minutes and then erase with a dry felt eraser.

To erase standard chalk, use a felt eraser.
To remove erasable liquid chalk ink, wipe with a damp cloth or sponge or lightly spray with water, let sit for 30 seconds then clean with a damp cloth.
DO NOT use strong cleaners or anything containing solvents, ammonia or an abrasive.

Your wallCHALKER is now ready for use and easy to clean for a very long time!
