

Crystal Protect 150

Paint protection film

Enduring cosmetic protection for your paint!

Nobody wants to see damage on their car from stone chips or scratches. The solution for keeping a vehicle's showroom good look is Crystal Protect 150 - an ultra clear, high gloss PU film.

With new permanent acrylic adhesive Crystal Protect 150 brings you improved application performance; optimized initial tack, increased resistance against adhesive lines and stretch marks as well as better chemical resistance including IPA (alcohol).

This flexible material is almost invisible when applied, and protects against everyday challenges. Crystal Protect 150 also offers a 'self healing' capability. All you need is a heat gun, hot water or even a hot sunny day to activate healing and watch small scratches fade away.

Crystal Protect 150 is available in 1.52 x 25 m width.

✓ Key features

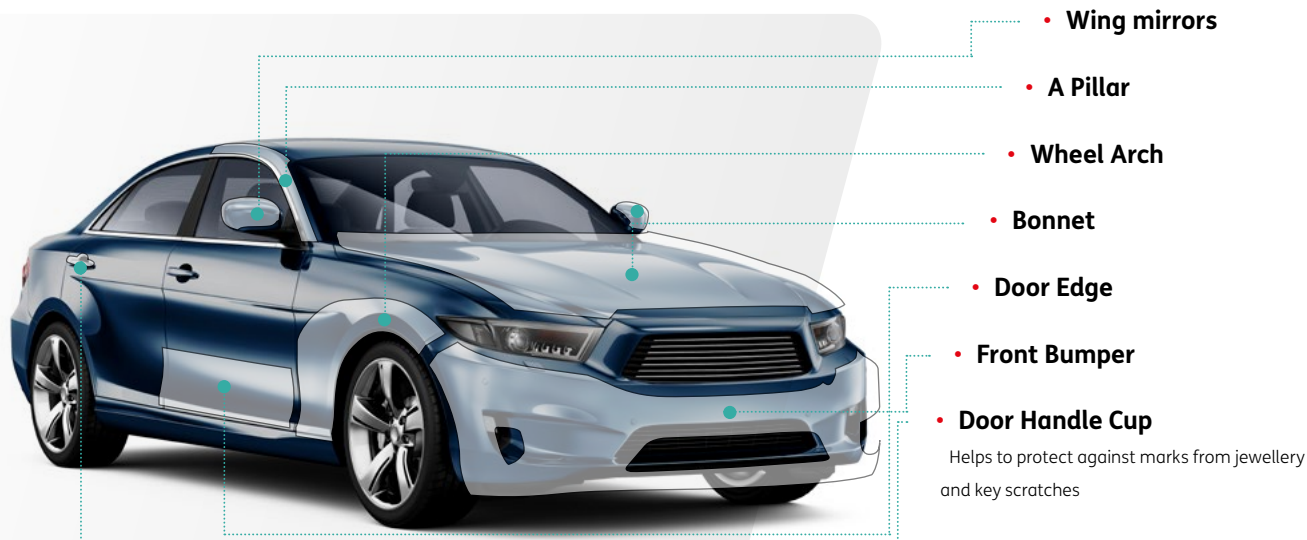

- New, improved adhesive
- Uniform, high gloss finish
- Highly transparent
- Flexible film, suitable for curved application
- Self-healing - slight scratches fade when exposed to a heat source
- Up to 8 years durability (vertical, Zone 1)

✓ Advantages

- Helps protect vehicle value
- Helps prevent paint damage resulting from stone chips, slight scratches and other damage
- Practically invisible, thanks to very high transparency
- Long-term* solution - fit and forget
- Easy application with improved adhesive
